

VACANCY FOR INTELLECTUAL PROPERTY OFFICER (POST-DOCTORAL FELLOW)

NIPD Genetics Public Company Ltd is a privately held company and one of the leaders in the field of cell-free DNA and non-invasive genetic testing with international operations. NIPD Genetics consists of a dynamic world class team of experts with extensive experience in human genetics, molecular biology and bioinformatics offering advanced research opportunities and providing state-of-the-art accredited diagnostic services worldwide.

THE POSITION

We seek to recruit a post-doctoral fellow for the position of **Intellectual Property Officer** in our dynamic team of experts.

Profile of the ideal candidate

The successful candidate will manage the company's intellectual property assets, by evaluating and identifying potential inventions and recommending intellectual property safeguards in order to protect and grow the company's asset portfolio. Prior experience in managing intellectual property is not required. The successful candidate will receive appropriate training for intellectual property and asset management.

Responsibilities:

- Identify and file appropriate copyright and trademark registrations
- Develop in-depth knowledge of company's research projects, policies and procedures
- Identify novel, key technological advances and prepare patent applications for filing
- Maintain awareness of the evolving IP landscape and report to management
- Consult/Liaise with company's IP attorneys to assist them in determining IP patentability
- Prepare confidential disclosure agreements (CDAs) and material transfer agreements (MTAs)
- Adhere to strict deadlines
- Perform related duties as assigned

Requirements:

- PhD degree in Biological Science, Biochemistry, Genetics or in a closely related field
- Excellent verbal and written skills, including technical drafting skills
- Excellent organizational skills
- Ability to work independently
- Enthusiastic attitude and good communication skills
- Fluent in Greek and English languages, both written and spoken
